

Artwork Digitization and Printing by AirClix.

Digitize your fine artwork and sell your replicas. Artwork reproductions are produced using precise color management and high end printers with archive quality inks and papers. All work completed in-house.

Original artwork by [Shelby Willis](#). Giclee print on right on Moab Entrada Rag fine art paper.

Color matching

True color representation starts with calibrated scanners, and monitors. We use custom printer/paper profiles to accurately reproduce colors, shadow detail and smooth tonal transitions.

Digitization:

Maximum size of 36 x 48" can be digitized. Artwork scanned at 300dpi resolution by default (higher resolution available on request)

Digital images are color hard proof with the originals.

Image files are saved at AirClix for future Giclee printing and/or provided to clients.

Print (left) and original artwork (right).
Artwork by Samantha Yutzzy

Digitization (Pricing includes hard proof color matching on Moab Lasal paper)	
~12 x 12"	\$25
~16 x 20"	\$35
~18 x 24"	\$45
~20 x 32"	\$55
~24 x 36"	\$65

Artwork Printing

Our in-house Epson printers utilizes Epson UltraChrome HD pigment inks (9-ink cartridges) and prints to a max resolution of 2880 x 1440 dpi for archival print quality.

Artwork canvas prints on [Epson Exhibition matte](#), or [Breathing Color satin](#)® canvas. Fine art prints on [Moab](#)® 100% cotton or acid free cellulose paper.

Using excellent quality papers allows outstanding black density, and colour gamut, for exhibition quality prints.

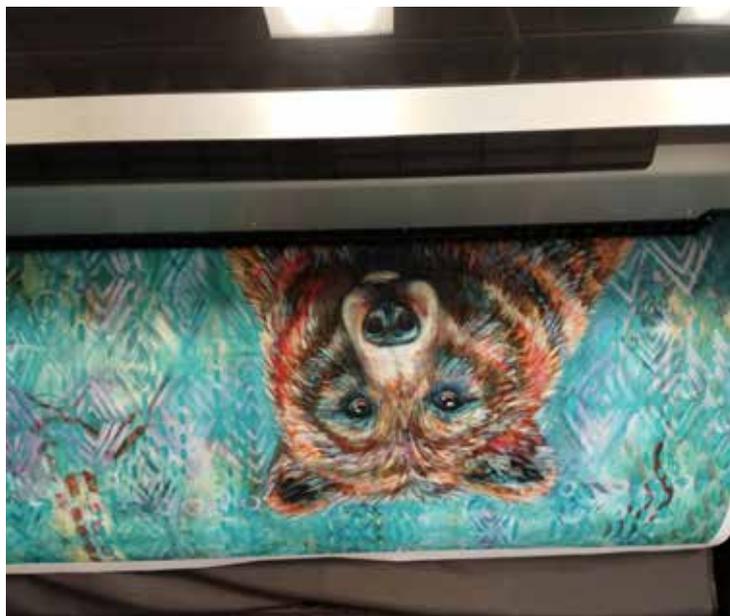

Epson Exhibition matte canvas print stretched on gallery stretcher bars (left) and original artwork (right).
Artwork by Carmen Lock
